

Silencing A Beating Heart

The Christian worldview upholds the sanctity of all human life. Period. Thus, every abortion amounts to flat out murder of an unborn baby. One can seek to justify it until the cows come home. That's what sinners do best, pride always justifies itself. The citizens in America have been very divided over the critical issue of abortion for the last half century. I am referring to the dishonorable US Supreme Court's shameful decision of *Roe v. Wade* in 1973. It seems that America is becoming more and more liberal over many issues (chiefly regarding LGBTQ concerns), the heart of America is divided over abortion rights as well. This divide makes a big difference for let's say, a baby in the womb in the state of Illinois compared to Alabama. The Democratic Party and the extreme leftist support the radical abortion bills. They are the preppy cheerleaders of the team titled "*culture of death*". They also lock arms with the Satanic puppet team titled, "*Planned Parenthood Federation of America*". They are a pro-abortion program bent on securing free taxpayer-funded abortions for every woman no matter the circumstance. They relate it to women's health. Keep in mind that a majority of ALL abortions are due to fornication and adultery. That's something the media will not tell you. The cheerleaders on the left, *Attack the Crowd*: (A technique used in cheerleading- to whip the crowd up and get them involved in a cheer, dance or song.) They do this by making this issue the "right" of a woman with no regard to the child in her womb. They literally have wiped out the child from any moral equation. As thinking Christians, living in a secular progressive society, we must speak up for the unborn. WHY, is the Church of Jesus Christ silent on this issue? From a Christian worldview, we must affirm the beauty and dignity of life at the very moment of conception, not just six weeks into any pregnancy when a heartbeat is detected. Period. The cheerleaders love murder and death. All communist do! Thus, we must actually speak and declare that *ALL* of life is sacred and is worthy of protection. Many of us will say amen to this but nothing will change. Many will turn around and still belittle the president for having some bad bedside table manners. In an issue of protecting life, who cares about table manners! During this defining moment for our nation, we as Christians we must pray to God to reverse the culture of death that has tormented this precious nation. Countless lives are being destroyed and as Christians this calls for action. It is time for pew sitters to move out of the way and the true people of God to pray fervently, for the USA and ourselves, that God would give us a spirit of courage, conviction and a deep sense of compassion for the murdered babies, but also the precious women that feel that this is their only way out! The only way to contend for the faith (Jude 3) will be to get back to the book, the book of books, God's special revelation, a.k.a The Holy Bible. That is, being equipped with the powerful Word of God. We must stop allowing society to re-define logic. It is time to face the political, moral, and Biblically ethical issue of abortion and declare the dignity and sanctity of life. The leftist cheerleaders do not have the final word- God does!
